# MOTOROLA

MOTOROLA INC. 9401 WEST GRAND AVE. FRANKLIN PARK, ILLINOIS MOTOROLA welcomes you to the growing family of Motorola electronic product owners,

This radio will bring you many hours of enjoyment and, with the quality, value and reliability built into it, you will continue to take pride in owning a Motorola product.

## TO INSTALL OR REPLACE BATTERY

- Remove rear cover by inserting a coin in the slot at the cabinet bottom.
- Install one 9-volt battery (Eveready #216 or equivalent) with the snap fastener.
- 3. Replace rear cover by pressing firmly.

#### OPERATION

- Radio is turned ON or OFF and volume adjusted with the VOLUME control.
- Station selection is made with the TUNING control. Always tune to exact center of station for optimum performance.

### ANTENNA

The radio's built-in antenna will provide good reception in most locations. Weak or noisy programs may be improved by rotating the radio. In shielded areas such as steel buildings, trains or automobiles, best reception will be obtained by placing the radio near a window.

#### TO USE EARPHONE

To use the earphone, insert the plug of the earphone into the receptacle on the side of the radio. This automatically disconnects the speaker and provides private listening through the earphone.

An 8 ohm earphone (Motorola Part No.50P63029A01) is provided for use with the radio.

### TIPS

- I. Always remove battery when storing radio for long periods.
- 2. Use only soap and damp cloth to clean cabinet,
- 3. Do not place radio on heated surfaces.
